Referrals internal	<input type="checkbox"/> Client Support Officer <input type="checkbox"/> Case Manager <input type="checkbox"/> LAC			
Referrals external				

Assessor Signature			
Assessor Name:		Date:	

Explanatory Notes

SVdP Client Code: The Client Code is made up of the client's gender, their birth year and their initials. For example: a male client born in 1981, named John Smith would have the code M81JS. If two clients have the same code, add a 1 at the end to distinguish Eg M81JS1

Property Address: The address that was affected by the bushfire

Current Address: The address that the applicant currently resides for contact purposes

Confirmation of ID and Address: Can the applicant confirm their name and the address of the affected property? The best source of identification is a drivers licence or Centrelink document. If someone has lost all appropriate documentation, confirmation of name and Date of Birth will have to suffice. Wherever possible, ID needs to be sighted when doing a face-to-face assessment. Where ID has not been sighted, indicate on the form that this is the case and staff in the regional office will check through the DVS.

Destroyed / Damaged: A destroyed building is inhabitable, while a damaged building can be repaired

Out Building: Any building that is not a dwelling including shed, garage, stable etc

Facility: Any commercial or community structure including library, community hall, school etc

Other: Any other significant item including vehicles, tractors, pumps, fences, irrigation, troughs, gates, livestock, pets etc

Referrals: Any referrals to other internal (NILS, Client Support Officer, Vinnies Services Case Management, LAC) or external (Anglicare, financial counselling, BlazeAid etc)

LAC: The Society provides Local Area Coordination Services for the NDIS in many parts of NSW. The person you are assisting may be an NDIS participant. Please provide the \$1,000 and \$3,000 in assistance and then call the LAC number for your area.
