Becoming Catholic – a Journey not an Event

Developing a relationship takes time and we invite you to enter into a journey of formation and practice in living life as a Catholic Christian.

The journey of becoming a Catholic Christian is one made in faith in the company of other enquirers, teachers, sponsors and indeed the whole parish community together with their Parish Priest.

How do I Start?

Make contact with your local Catholic Priest or Christian Initiation coordinator. They will be happy to talk with you about your journey so far, your hopes and desires and how you might continue the journey of becoming Catholic.

Key Moments on the Journey

All journeys include a variety of steps and stages, often depending on the starting point.

At the conclusion of each stage your journey is affirmed by a community celebration and you have the opportunity to pause or affirm your intention to proceed to the next stage. At each celebration the community commits itself to supporting you.

The steps and stages of your journey to becoming a Catholic Christian will vary depending on whether you are Baptised or not Baptised.

For those who are **not** baptised the stages are:

1. Initial enquiry about the Catholic faith.
2. A period of learning about the teachings of the Catholic Church and practicing living the life of a Catholic Christian.
3. The Lenten season, a time of preparation for receiving the Sacraments of Initiation.
4. Reception of the Sacraments of Initiation
5. A post-Easter period of reflection with the community on your initiation experience.

For those who **are** baptised in another Christian denomination the stages are similar but shorter:

1. Initial enquiry about the Catholic faith.
2. A period of learning about the teachings of the Catholic Church and practicing living the life of a Catholic Christian.
3. Reception into the Catholic Church

Of course the final stage for both groups is the lifelong practice of living the Catholic life.
