NEW each week	<p>Social Justice Points</p> <p>I invite you to recognise that “many groups and organizations within civil society help to compensate for the shortcomings of the international community, its lack of coordination in complex situations, and its lack of attention to fundamental human rights”. For example, the Ottawa Process against the use, production and manufacture of antipersonnel mines is one example that shows how civil society with its organizations is capable of creating effective dynamics that the United Nations cannot. In this way, the principle of subsidiarity is applied also to the global-local relationship. <i>Laudate Deum – Pope Francis - To All People of Good Will on The Climate Crisis</i></p>
